Read the fund prospectus and key information document provided for in article 98 of GEO 32/2012 before investing in these funds. These documents are available on <https://www.patriafonduri.ro>, and at the fund manager's head office. Fund unit returns depend on the investment policy of the fund, as well as on market evolutions and the evolutions of assets in its portfolio, and are usually proportional to investment risk. Past returns of the funds are not a guarantee of future performance.
